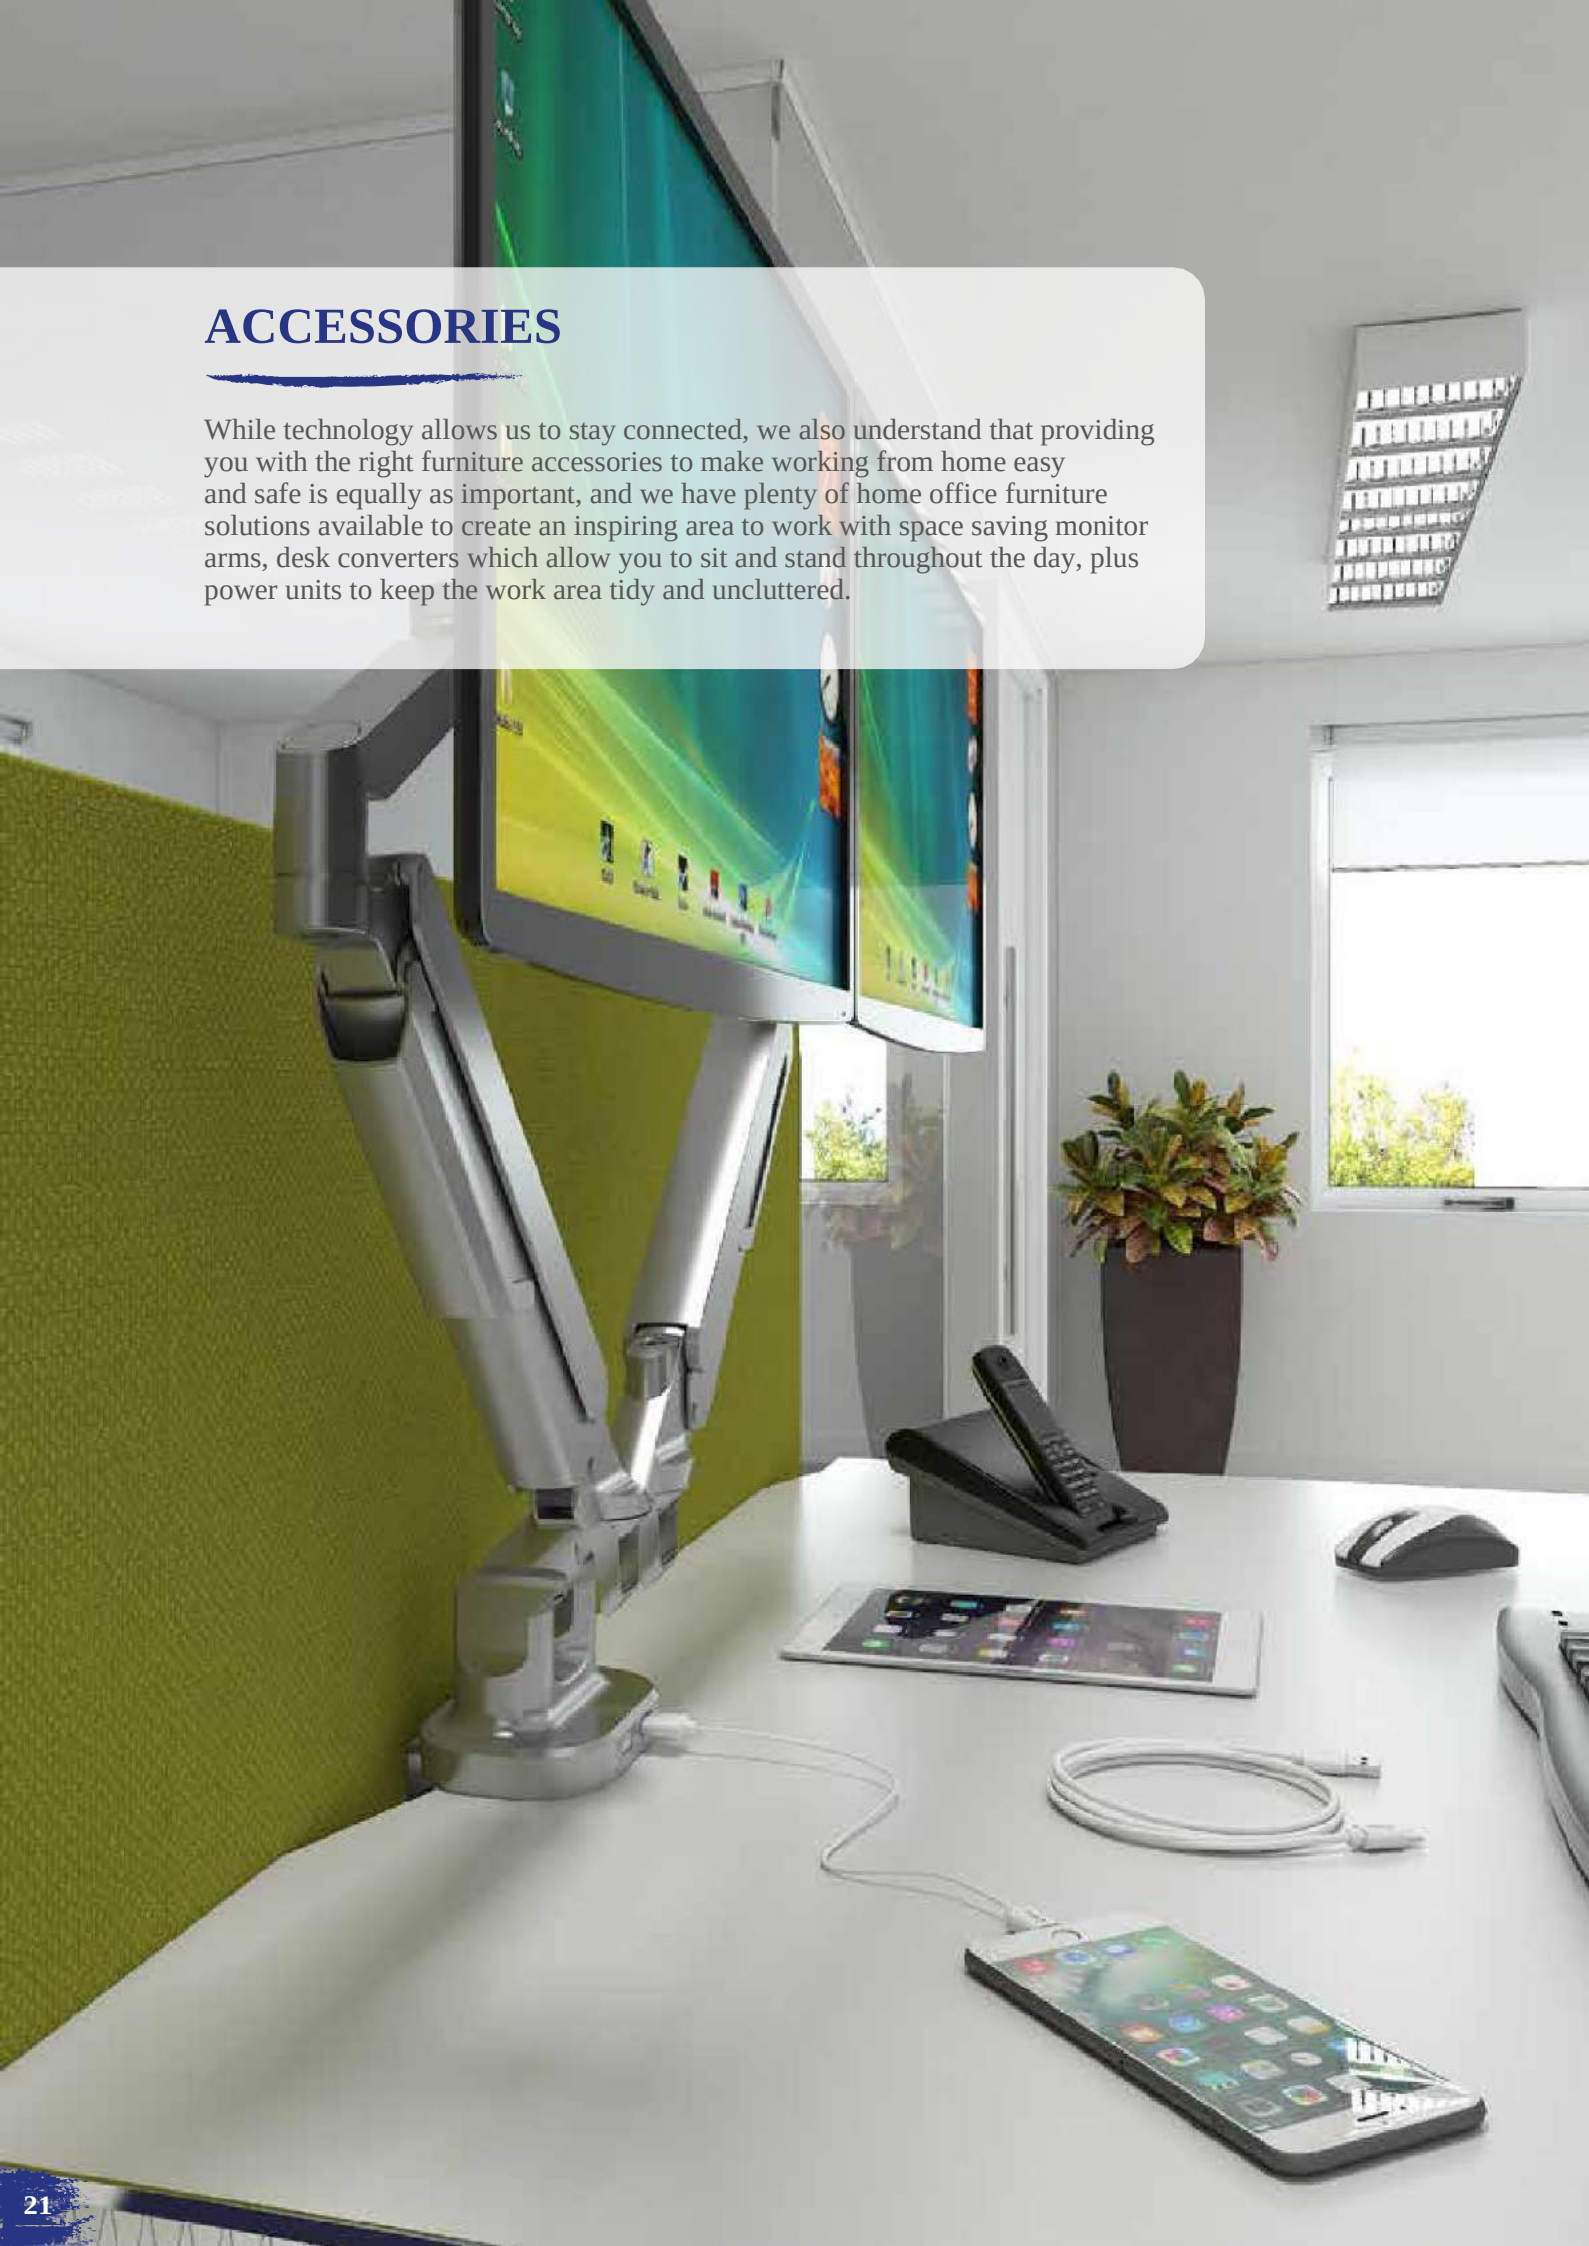
ACCESSORIES

While technology allows us to stay connected, we also understand that providing you with the right furniture accessories to make working from home easy and safe is equally as important, and we have plenty of home office furniture solutions available to create an inspiring area to work with space saving monitor arms, desk converters which allow you to sit and stand throughout the day, plus power units to keep the work area tidy and uncluttered.



MONITOR ARMS

Monitor arms provide smooth and effortless adjustments which can be tailored to the user's exact needs, allowing them to sit more comfortably at their home office desk whilst reducing lower neck pain, eye, and back strain due to incorrect monitor positions.

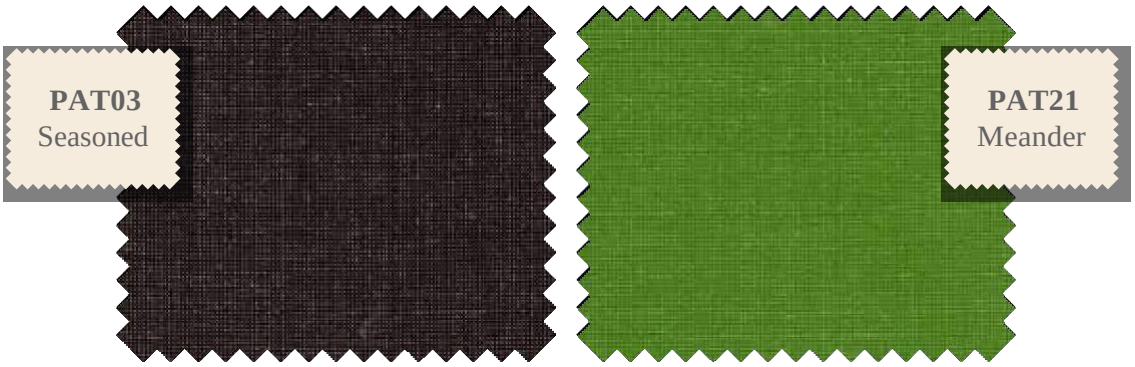
FABRICS

Camira Patina fabric is designing with nature to achieve beauty with performance. The white flecks scattered across the surface are created by the flax content, just as the flowers would appear in the fields from which it is grown. The palette takes its cues from nature and by allowing its natural beauty to shine through, we've ensured that Patina is truly at home in its new habitat.



Tested to meet the requirements of:

The Furniture and Furnishings (Fire) (Safety) Regulations 1988
(Statutory Instrument 1988 No 1324 and subsequent amendments)
Schedule 4 Part I and Schedule 5 Part I

FINISHES

MFC we only use FSC-certified wood manufacturing our products in-house in the UK, with total traceability for every order. Constructed from a chipboard core and finished with a decorative melamine covering, MFC is a versatile product ideal for use with home office furniture.

Steel finishes are available in a selection of stocked and made-to-order finish options to suit any home décor.
